

DULWICH HAMLET JUNIOR FC

Parent / Guardian / Carer Checklist

This checklist is to be completed just prior to leaving your house and a new one brought with you each time you go to either a game or training.

This checklist does not have to be handed in, but should be carried with you whilst watching training or matches – as you might be asked to show it to a club official.

If a parent / guardian or carer has a single positive in answer to the questions below, then that person should not travel outside of their house and definitely not travel to the activity. They should also seek medical advice.

ALL INFORMATION IS TO BE PRINTED ONLY AND CLEARLY

All parents / guardians / carers shall carry out this self assessment each time PRIOR to attending training or matches to ensure they do not have any of the following symptoms, as they are potential indicators of a COVID19 infection. <u>Please note that in LOCKDOWN or REDUCED LOCKDOWN that only one parent / guardian or carer can accompany any player to a match or training session.</u>		Negative	Positive
A high temperature. A normal average temperature range is between 36.5 – 37.8 c			
A continuous cough.			
Shortness of breath.			
A sore throat.
